

5 June 1974

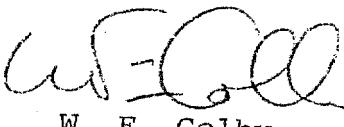

MEMORANDUM FOR: General Counsel
Inspector General

SUBJECT : Agency Assistance to U. S. Federal,
State, and Local Government Components
[redacted]

REFERENCE : Memo to DCI from IG dtd 12 Feb 74
Subject: Directorate Responses to
[redacted]-Continuing Support to
Other Federal Agencies

1. I have (finally) reviewed the Directorate responses to [redacted] and the Inspector General and General Counsel comments thereon, attached to referenced memorandum. May I express my appreciation for the amount of effort this exercise required on the part of yourselves and of the Directorates. However, I think it has given us a useful summary of our relationships with other agencies and allows us to state some policies with respect to certain programs that otherwise might have caused difficulties for the Agency.

2. Attached hereto are separate pages commenting on the activities of the different Directorates. Except as noted in these attachments, I accept the conclusions reached by the Directorates or where this occurs, your modification of the Directorates' positions. The approval thus runs either to the original Directorate position if no comment is made by me, or to the position taken in the attachment in the case a comment appears there.

W. E. Colby
Director
